SteamTherapy®

SteamTherapy merges scent, light, and sound with steam - a veritable mixing and melding of the senses. Steam cleanses and nourishes the skin, it's warm moisture opens your pores making your skin softer and more supple. MrSteam created SteamTherapy to educate and promote the therapeutic benefits of steam. Steam enhances breathing, promotes restful sleep, and leaves you with a true sense of tranquility and a feeling of wellness.

Maybe it's time to get a little Feel Good back in your life and transform your bathroom into the sensory sanctuary you've always dreamed of. Not sure where to start? Simply use this book as a guide to the options that best fit your bathroom and your imagination.

What Do Movado, Lamborghini & MrSteam products have in common? State-of-the-art elegance.

Prepare to immerse yourself in the unsurpassed, customizable lifestyle experience offered by MrSteam products.

Our products are designed by world-renowned Industrial Designer David Farrage.

AirTempo™ Control

Wireless. Not tethered by cables, the wireless AirTempo Control offers a “nomadic” way to control your steam. With its exquisite and waterproof design, the AirTempo Control can be easily installed on almost any steam room wall - even on a glass wall.

The AirTempo’s LCD display activates even before your hand touches the fused silica glass. LCD icons provide status indication during the steam bath session.

The touch screen’s auto-fading display remains lit while adjusting your preferences, including temperature, duration, AromaSteam and ChromaSteam® lighting. The display then fades to energy saving mode allowing for an uninterrupted steam bathing experience.

To save energy and extend battery life, AirTempo employs a capacitive panel with a proximity sensor. The control is only activated when the users hand is near the unit.

The LEDs blink periodically for visual indication of the steam generator mode. The electronic panel of the AirTempo is 100% waterproof and can be immersed in water up to three feet.

The battery cover features an elastomer seal. A simple quarter turn locks the cover in place, creating a water tight construction.

The AirTempo is a battery powered control. Two long-lasting lithium cell

batteries power the unit, allowing for at least six months of operation when the steam room is used daily for 20 minutes. The AirTempo comes with a matching finish steamhead.

Linear Steamhead

“Shhh!... do you hear that?”

This patent-pending, one-of-a-kind steamhead offers minimalistic design with maximum benefits.

With it’s quiet and even dispersion of steam, you’ll hardly know this steamhead is there. The Linear steamhead is efficient and effective. It creates a warm flow of “ahh” inducing steam.

This sleek and simple unit is designed to fit flush to the wall and installs between two 16" on-center studs*. It’s a contractor’s dream installation.

**For residential installations only*

”The Linear Steamhead virtually disappears into your steam shower wall. Used in conjunction with an AromaSteam System it provides an optimal SteamTherapy® experience.

Louis Sullivan famously said “form follows function,” but this time there’s no compromise. The Linear Steamhead delivers subtlety and refinement as it introduces SteamTherapy into your wellness routine.

iSteam® Control

iSteam, the award-winning touch screen control, with a feature-rich menu offers an unsurpassed, customizable user experience.

With a swipe of the finger, the iSteam's intuitive touch screen navigation allows the user to effortlessly control temperature, time, aroma infusion, chroma lighting, audio entertainment, and overall steam system functionality.

With its stunning graphic interface and bespoke design by renowned Industrial Designer David Farrage, the iSteam evokes elegance. Manufactured with the highest quality fused silica glass and polished cast aluminum, iSteam is designed with a Moisture Protection of IP67 and can be immersed in water up to a full three feet.

The iSteam's auto-fading, screen dimming display incorporates:

- 4.3-inch liquid crystal display screen is 1/8" thick
- Ambient temperature
- AutoStart, a real-time clock, gets your steam shower ready for each day of the week
- Passcode protection
- Celsius and Fahrenheit settings
- Individual user preference settings
- User Interface available in 5 different languages (English, Italian, Spanish, German and French)

iSteam's accessories include optional ChromaSteam® and AromaSteam infusers to transform your shower into a luxurious spa. With the optional Bluetooth® AudioWizard® System, it can pair up to eight devices and four in-shower speakers.

iSteam employs an exclusive three-tier safety system with pass code protection, temperature limit and time-out features built to ISO-9001:2008 certified processes.

Comes with matching steamhead.

SmartSizing® Virtual Spa System®

MrSteam® believes the process of designing and building your steam room should be hassle free. Check out MrSteam's Virtual Spa, where we guide you with the creation of your spa sanctuary.

SmartSizing helps you select the required generator and control, as well as optional accessories such as ChromaSteam®, AromaTherapy, Music Therapy®, wall seats and towel warmers.

Fill out the online easy sizing program or use the paper calculator below. Then print or email your selections, find a dealer or call us for any additional assistance regarding technical specifications. It's that simple.

800-767-8326 www.mrsteam.com

Our Virtual Spa System takes you from Bathroom to Spa in Five Simple Steps:

1 Enter shower dimensions and room material for automatic generator and room selection

2 Choose a control package and finish that's perfect for you home

3 Select a spa package or items a la carte

4 Opt for accessories that will enhance your steam experience

5 Add a towel warmer and your virtual spa tour is complete

Measure length, width & height of the steam enclosure (in feet):

Multiply the Length ____ x Width ____ x Height ____

Room Volume =

Construction Materials:

For natural Stones: natural marble, stone, shale, glass block or concrete.

Add 110% =

For ceramic, porcelain or glass tile on cement board or mortar bed

Add 40% =

Ceilings above 8 ft. (per foot, max 10 ft)

Add 15% =

Add all figures above to obtain the Total Room Volume required

Total Volume =

Residential Steambaths

The Intelligent Steambath

- Single operating platform does it all, from the most basic installation to the most elaborate
- Built with corrosion resistant and recyclable stainless steel
- Accurate sizing for most efficient installation cost and energy usage.
- Can be installed up to 60 feet from the shower
- Plug and Play components for easy installation
- Self-diagnostic LED lighting
- AutoSteam standard with every generator for even flow of steam
- Removable and serviceable industrial grade heating elements
- Precision temperature probe for optimal steam room temperature controls
- Limited Lifetime Warranty

MrSteam® Packages

We feel good when you feel good, so we've created discounted packages that match the right control, steamhead, and all the great SteamTherapy® components into one package. Therapies such as AromaSteam, ChromaSteam®, Music Therapy® and many more options fit your needs, budget, and ultimately make your steam system run smoothly and efficiently.

It's time to transform your bathroom into a home spa.

MrSteam believes the process of designing and building your steam room should be hassle free. Check out MrSteam's Virtual Spa, where we make it easy to select all the components for your dream sanctuary.

Check out our packages to decide which one is tailor made for you!

MrSteam packages offer you the bliss without the bother...plus savings!

Our packages offer you the right components lovingly combined for the perfect steambathing experience.

The iDream Package®... All the bliss without the bother

SteamTherapy® is as much a state of mind as an inspired fusion of steam, aroma, light, sound, skin and hair care.

By adding the wellness benefits of aromatherapy and chromatherapy, along with a calming swirl of music and an age-old bath and body care system, the iDream package creates a truly healthful, invigorating and refreshing steam experience.

- Essential oils can help awake and stimulate, or relax and promote better sleep. MrSteam® Aromas are a unique collection of natural fragrances that enrich the steam bathing experience. Included with the iDream package is a liter of Eucalyptus essential oil, a deeply refreshing aroma with cleansing effects which may help open air passageways.
- The MrSteam ChromaSteam® system integrates light with steam, creating chromatherapy environments rich with color, mood and warmth. ChromaSteam suffuses the steam shower with a spectrum of color from airy blue to sensual red.
- Having the ability to listen to music in your steam shower engages the elemental sense of sound. Music has the power to relax, refresh, and reinvigorate us.
- By adding Tala® Bath & Body products, you embrace the age-old Turkish bath Hammam ritual. Your iDream package comes complete with the Tala Bath & Body Gift set, filled with essential oils, clays, scrubs and soaps. Indulge yourself by luxuriating in nurturing self-care.

Dreaming of the perfect steambathing experience? iDream makes those dreams a reality.

AromaTherapy

Scent is one of our most guiding senses. It activates the mind and stimulates the body. AromaTherapy has been recognized for centuries for its potentially profound healing effects. It was considered mankind's first medicine, a holistic practice of caring for the body using botanical oils. Essential oils can stimulate or soothe you into a relaxed state, promote better sleep and provide a profound sense of wellness.

AromaSteam is Aromatherapy on demand, automatically infusing aroma oil into the steam environment, allowing the bather to be enveloped in the fragrance and the healing properties that oils release.

AromaSteam is a powerful sensory experience that can assist in making wellness a way of life®.

Each essential oil offers a distinct fragrance with characteristic benefits.

MrSteam Aroma Essential Oils are a unique collection of several natural fragrances.

Aroma Oil Liter Bottle

Aromatherapy has been recognized for centuries as having potentially profound healing and creative powers.

MrSteam's Aroma Oil liter bottles are specially formulated and packaged for use with the AromaSteam system. This unique collection of natural fragrances enrich the steam experience. Each aromatic oil offers a distinct fragrance with characteristic benefits:

- **Eucalyptus** - A deeply refreshing aroma with cleansing effects, eucalyptus may help open air passageways
- **Lavender** - A sweet, lightly floral scent, lavender may help soothe anxiety with its calming and restorative properties
- **Evergreen** - A refreshing blend of spruce, fir and pine reminiscent of a forest on a crisp morning
- **Energizing Mint** - A blend of mint, citrus and herbs that may stimulate and energize
- **Breathe** - A tropical combination that may help clear chest, nose and sinuses

These long-lasting one liter bottles (33oz) work in conjunction with the AromaSteam injector pump. The oil mixes with steam to create a rich aromatherapy experience.

MS OIL 1-5 \$110

AromaSteam System

By merging oil and steam into a sensual mix, the AromaSteam System injector pump atomizes the oil and creates the perfect in-steam aromatherapy experience.

MrSteam's specially-formulated essential oils are extracted from organic flowers and plants. Each aromatic oil offers a distinct fragrance with characteristics that may support the body's specific needs.

- MrSteam AromaSteam System includes the oil container caddy, hoses, fittings and oil atomizer
- The exquisite collection of MrSteam essential aroma oils are available in replaceable long-lasting one-liter (33 oz.) bottles
- See page 27 to view our Aromatherapy selection

ChromaSteam®

Like water and heat, light is a fundamental life force, capable of altering your physical and mental state. From the warmth of a golden amber sunset to the cool depth of the deep blue sea, color transforms and transports you.

The MrSteam ChromaSteam system integrates light with steam, creating a chroma-therapy environment which suffuses the steam shower with a spectrum of color from airy blue to sensual red.

Select the color that sets the mood you desire, or cycle from one to the next.

Incorporating color into our lives, particularly in those sanctuaries where we seek to renew and refresh ourselves, can raise our relaxation to a deeper level.

ChromaSteam®

The ChromaSteam System allows you to select color and modes directly from the iSteam®, AirTempo™ or iTempoPlus® control keypad. ChromaSteam can be controlled from a dedicated wall switch. Includes a built-in low-voltage transformer and color microprocessor. For mood lighting only.

Music Therapy®

It can inspire you to dance wildly or slide you into soulful silence. The power of music is undeniable.

You create the play list of your life, and that sound track changes with your moods. MrSteam created Music Therapy knowing that music can lift you up or calm you down, reduce anxiety, induce productivity, reduce fatigue, and even help alleviate illness and pain.

Music Therapy uses sound to address the physical, emotional, and cognitive needs of everyone. Having the ability to listen and control music in your steam shower engages your senses.

What's your steam sound track?

MrSteam's AudioWizard® and in-shower speakers bring fully integrated audio inside the steam room or shower.

Combine steam with your choice of music to relax after a tough workout or a stressful day, help healing in a healthful manner, or set the mood for restful sleep.

Tune-in to AudioWizard® 2.0

MrSteam AudioWizard 2.0, with a sleek, stylish design, is ready to bring audio to your surroundings. The speakers can be mounted indoors or out, as well as in a steam room or shower.

With the integrated Bluetooth® Audio Streaming System, the AudioWizard can pair up to eight Bluetooth-enabled devices and an auxiliary input.

- Compatible with all smart devices and smart phones equipped with Bluetooth
- Allows you to play streamed music or audio stored on your smart device and enjoy it in the steam room or shower
- Easily install the AudioWizard's beautiful aluminum enclosure on a wall or tabletop
- Includes an amplifier and power supply. Back lit control available for black (BK) models only
- Allows you to install up to four speakers and subwoofer, enabling sound output within the bathroom and throughout the house and outdoor spaces

Bath & Body Therapy

MrSteam introduces Tala® Bath & Body essential oils, clays, scrubs and soaps.

The Hammam steambaths of ancient Rome and Byzantium provided bathers with time and space to cleanse the body, relax the mind, and rejuvenate the soul. Tala essential oils, clays, scrubs and soaps reproduce the ancient experience of Hammam bathing traditions, transforming any bathroom into a home spa sanctuary.

Included in this complete line of luxurious, revitalizing bath and body products are Tala Rhassoul Lava Clay, Tala Argan Oil, Tala Moroccan Beldi Black Soap, Tala Face Cream, and the Tala Hammam Exfoliating Glove. Or you can purchase all of these products in one heavenly collection: the Tala Bath & Body Bliss Kit.

Created from the pure, natural ingredients of the Moroccan landscape and shaped by ancient bathing traditions.

MrSteam's new Tala line of bath and body products immerses the modern-day bather in the rituals of a far-away time.

Tala® Bath & Body Bliss Set

All Tala Bath & Body products are created from the purest materials, derived from luxurious Moroccan and Middle Eastern bathing traditions.

The Tala Bath & Body Bliss Kit brings all of Tala's health and wellness products into one heavenly collection. It's your blissful spa day or routine in a box!

TA GIFT-SET \$250

Tala Moroccan Lava Clay

Tala Bath & Body Rhassoul Lava Clay is unique to the underground mine shafts in Morocco's Fez region. Exceptional in its quality and purity, this mineral-laden clay is meticulously extracted, dried, and transformed into a fine silken powder.

When water is added, this powder forms a smectic clay that can absorb large amounts of liquid or oil from skin and especially from hair, removing excess oils while replacing them with healthful minerals.

This soapy Lava Clay is known for its exceptional quality, purity and exfoliating capability.

200 ml/6.76 oz. - TA-CLAY \$55

Tala® Argan Oil

Tala Bath & Body Argan Oil is the liquid gold of Morocco. Traditionally used for generations by Berber woman as a beauty tool, Tala Bath & Body Argan Oil works as a food for the skin. It nourishes, helping your skin combat environmental damage and other aging factors.

120 ml/4.06 oz - TA-ARGAN-OIL \$75

Tala Beldi Black Soap

Tala Bath & Body Moroccan Beldi Black Soap is an integral part of the traditional Hammam ritual, the first treatment applied in the public baths of Turkish steambathing ritual.

Tala Bath & Body Moroccan Beldi Black Soap prepares the skin for exfoliation by softening it, making it scrub-ready. As it exfoliates and moisturizes, it softens and nourishes the skin. With the rich texture of butter, this paste of black olive pulp is rich in vitamin E. A rich mixture of oil and crushed olives, the soap is soaked in salt and potash.

TA-BELDI-SOAP \$50

Tala Face Cream

A daily care regimen specifically designed for dry and dehydrated skin, Tala Bath & Body Face Cream is enriched by the velvety texture of Argan oil. This cream can illuminate the skin, improve firmness and texture, and reduce signs of aging. As it banishes old skin and unveils a clear new layer, your appearance may be transformed: you may look radiantly younger, shining with a fresh, new glow.

100 ml/3.38. oz - TA-ARGAN-CREAM \$60

Tala Exfoliating Glove

The Tala Exfoliating Hammam Glove is a high quality cotton stretch terry cuff exfoliating glove, designed specifically to remove dry or flaking skin and leave skin renewed and refreshed. The glove creates a rich lather while stimulating skin. The glove can be used to alleviate itchy dead skin as a cellulite massage tool or to help improve blood circulation.

TA-EXF-GLOVE \$10

À La Carte

MrSteam is a synergistic company that recognizes the tremendous value of the stand-alone products, systems and services.

Whether you are designing a bathroom from scratch or retrofitting your space, customize your experience with individual components: Aroma therapy, Chroma therapy, Music Therapy®, Tala® Bath & Body Therapy products, as well as controls, AutoFlush®, Linear Steamheads, Shower Seats, Recessed lights, Drip pans, Smart Home Automation controls, and Chlorine filter systems.

Our individual components are easy to install. Our plug & play architecture allows easy integration of system components.

Create your ideal wellness experience. All MrSteam's products are available individually.

No bundles needed here. If you want something specific, MrSteam is ready to deliver.

AirTempo™ Control

True wireless control. A “nomadic” way to control your steam, whether installed on a wall or easily positioned on your bathroom vanity. Simply peel and stick for tool-free installation. It can even be attached to a glass shower wall.

- Wall mounted, battery powered wireless control
- LCD display
- RF transceiver
- Capacitive touch panel activated by proximity sensor
- Flush mount or surface mount options
- 60 foot range from generator
- 100% waterproof electronic assembly
- Long-lasting lithium batteries power the control

Available in Black or White fascia with polished chrome trim or five designer finishes.

Steam@Home Systems

Surprise! You can afford the luxury of steam. Invigorate and revitalize every day in a personal steam bath right in the comfort of your own home.

Seems like an unattainable luxury? You'll be amazed to learn how easy and affordable it actually is.

Whether remodeling a bathroom, building a new home or simply retrofitting an existing shower, a Steam@Home steam bath can transform the design into a personal spa.

Tiny shower stall? A Steam@Home can be installed in a shower enclosure as small as 3' x 3'.

Compact, affordable, yet built with the same world-class quality of every MrSteam product.

For illustrative purposes only.

Affordable Luxury for Small Spaces

Ideal for starter homes and guest baths

- Ideal for ceramic, porcelain, glass tiles and acrylic enclosures
 - Rugged stainless steel generator with printed circuit board - available in 208V or 240V 1 Phase
 - Uses less than one gallon of water for a 20-minute session
 - 23% more compact than standard MS steam generators
 - Integral safety time-out feature
 - Built-in drain valve
 - Designed, Engineered and Assembled in the USA
 - Acrylic/Fiberglass showers use SAH 3000 for 60-150 cu.ft. enclosures
- Included in Box:
- SteamStart® 20-minute In-Shower Control in Polished Chrome
 - 30-Foot Cable
 - Cooler-to-the-Touch Steamhead with Acrylic Shield

CT Day Spa® System & Accessories

The CT Club Therapy® Day Spa System provides space-conscious spa facilities with high performance, low maintenance steam room solutions.

The CT Day Spa steam generators are ideal for smaller steam rooms in resorts, medical facilities, hotels, spas and clubs. They are designed for rooms no larger than 675 cu. ft. that are occupied by no more than two people at a time, and in operation less than six hours a day.

CT Day Spa steam generators are ideal for light commercial venues such as day spas and resort spas.

Ideal for smaller day spa steam rooms.

Compactly designed for functionality and durability, CT generators install easily in most service closets, storage areas, or similar dry heated locations.

Commercial Steam System & Accessories

You can find MrSteam serving clients' at Canyon Ranch, The Ritz-Carlton, The Luxor, Bellagio, MGM Grand in Las Vegas, among many, many other major resorts, athletic franchises, and popular health facilities.

Facilities in all fifty states as well as world-wide locations in Aruba, Bangladesh, Canada, China, Egypt, India, Jamaica, Mexico, Puerto Rico, Thailand, the UAE and the Virgin Islands have placed their trust in MrSteam commercial steambath installations.

For total quality control, all our steam products are Designed, Engineered or Assembled in the USA and are UL and CUL listed in the U.S. and Canada.

Every unit is manufactured to the same standards the U.S. Navy, the CDC and hospital operating rooms demand of us.

Example 1

A steam room 8'L x 10'w x 8'H = 640 cu.ft. (volume).

Select the MrSteam steambath generator model which exceeds the calculated room volume. In this example, specify Model CU750 with one Digital 1 Control Package.

Example 2

2 steam rooms: each 6'L x 10'w x 7'H = 420 x 2 = 840 cu. ft.(volume).

In this example, specify Model CU1000 with two (2) Digital Control Packages

IMPORTANT: When specifying a CU Commercial Steambath Generator, the following is strongly recommended for optimal performance and user satisfaction:

1. One (1) CU steambath generator should service no more than two (2) steam rooms, each relatively similar in size and construction.
2. If two (2) steam rooms are serviced by one (1) CU generator, the resulting combined volume of the two rooms should not exceed 1400 cubic feet.

3. Each room must be operated with the appropriate Digital 1 Temperature Control System.

4. In all installations, the purchaser and/or owner/operator must consult with a designer, architect, and or consultant to assure the proper steambath generator specification, as well as all required and optional operating equipment.

For more detailed product information, please visit mrsteam.com for the MrSteam Commercial Installation, Operation and Maintenance Manual.

Stainless Steel Commercial Steam System

- AromaFlo® Aroma Oil Delivery System
- MrSteam Aroma Oil 1 gallon
- Steam-On-Demand® maintains pre-selected temperatures utilizing minimum energy for maximum heat... instantly
- Automatic Blowdown Valve for programmed daily discharge of accumulated sediment
- Long-Life Stainless Steel Heating Elements
- Digital 1® Temperature Control sets the desired steam room temperature
- Stainless Steel Jacket
- Automatic Blowdown Timer provides 24-hour/7-day automatic startup/shutdown and AutoFlush operation, reducing daily maintenance
- ASME and National Board Registered Pressure Vessel

Use the chart below to enter the dimensions of your steam room. Compare your STEAM ROOM VOLUME to the Specification Chart on the next page to select the appropriate model. If your wall is constructed in materials other than ceramic tile, consult the factory.

Specifying a CU Commercial Steambath Generator
Measure length, width & height in feet of the steam room:
Multiply the
_____ Length x _____ Width x _____ Height
= _____ Steam Room Volume (cu.ft.)

Components sold separately. Refer to pgs. 72-73 for pricing and packages.

For All Models

- Carbon steel pressure vessel meets ASME and National Board requirements for low pressure operation
- Stainless steel jacket prolongs life of unit
- Adherence to National and Local Codes, and cULus Listed

Model	Total Room		kW	Ship Wt. (lbs)	Shipping Dim. (in)			List Price

- All CU Commercial Steam Bath Generators are available in 208/3, 240/3 and 480/3. Consult factory for other Voltage/Phase
- Only models CU360-CU1000 are available in 208/1 and 240/1 as priced. Specify Voltage/Phase when ordering
- Models CU360-CU1400 measure 20"L x 20"W x 38"H
- Models CU2000-CU3000 measure 33"L x 24"W x 44"H
- Model CU-4500 measure 34"L x 28"W x 59"H
- Dimensions are approximate

Digital 1® Control Package

The Digital 1 Control maintains selected room temperature and features a high temperature shutoff. Provides Steam-On-Demand for consistent room temperature comfort and control.

IMPORTANT:

- If more than one room is being serviced by one CU generator, the appropriate CU1- Digital or CU2 - Digital Control Package must be specified for each room
- See page 71 for sizing and selection guidelines for CU generators
- Note all "IMPORTANT" guidelines on page 71 when one CU generator is servicing more than one room

Product Number	for Generator Models	Price
CU1-D1	CU360-CU1400	\$1100
Includes one (1) Digital 1 Control, one (1) Aroma Steamhead with acrylic shield and one (1) Steam Solenoid Valve		
CU2-D1	CU2000-CU14500	\$1575
Includes one (1) Digital 1 Control Two (2) Aroma Steamheads with acrylic shields and two (2) Steam Solenoid Valves		

Linear Steamhead

This sleek and simple unit is designed to fit flush to the wall.

- 104217 \$550
(27.5" for CU360-CU1400)
- 104218 \$800
(48" for CU2000-CU4500)

CU Alarm

Audible alarm sounds when the steam room exceeds the maximum set temperature.

- Suitable for use with Digital 1
- Choose from multiple alarm sounds
- Mount in a standard 4x4 electrical box for installation
- cULus listed for general signaling, indoors and outdoors

IMPORTANT: Do not install the CU Alarm inside the steam room

CU-ALARM \$220

Digital Timer

- 30-minute digital timer
- Easy-to-use-timer so that patrons can safely time their sessions
- Must use with Steam Vent 104072 \$250
- Only for outside the steam room

CU-99216DIG \$550

Transformer 1/4 KVA

- Provides control circuit voltage where 120V is inaccessible or costly to provide
- cULus listed

CU99331C 240V \$500
CU99331F 480V \$550

Auxiliary Manual Reset

Standard on the CU360 - CU1400.
Many states and local jurisdictions require as standard an independent, manual reset, second low-water cutoff control. Verify in your area.

CU81017MR \$650

Mechanical Timer

- 30 minute mechanical timer.
- Only for installation outside the steam room
- Must use with Steam Vent 104072 \$250

CU-99216B \$ 85

CU Aroma Steamhead

- 3/4" NPT, 100% solid brass, complete with polycarbonate cover
- Available in polished chrome
- Included with Digital 1 Control Package

Order only if additional or replacement steamhead is required.

CU103984PC \$175

CU Steam Stop®

- Emergency stop switch to electronically shut down the steam generator
- Multiple Steam Stop switches can be used with one steam generator
- Water-resistant, IP-69K rating
- Suitable for use inside or outside the steam room

CU-STEAMSTOP \$400

OPTIONAL OPERATING EQUIPMENT

ASME Code Blowdown Tank

- Essential equipment for automatic blowdown maintenance where building codes require maximum 140° F discharge
- Blowdown separators built to ASME Section VIII
- Separators reduce temperature and pressure to ensure a safe discharge of water and sludge
- Designed to utilize a water seal at the outlet which reduces outlet temperature to a safe discharge level
- No electrical hookup required
- Complete with temperature gauge, pressure gauge, and gauge glass assembly
- ASME Code UM vessel

Product No.	Generator Model	Dimensions	Shipping Wt.	Price
CU-BDT-ASME36	CU360-2000	32" H x 12" Dia.	125 lbs.	\$2750
CU-BDT-ASME42	CU2500-4500	42" H x 18" Dia.	230 lbs.	\$3950

Automatic Blowdown System

- Programmable hour/day time cycle
- Boiler-grade heavy duty motorized ball valve
- Industrial steam-rated 100 PSIG ball valve with Telfon®
- Plated brass valve body with stainless steel ball and stem
- Owner/operator schedules start-up/shut-down, and blowdown times from generator

Product No.	CU Generator Model	Price
CU81600-1	CU360-1400	\$1575
CU81600-2	CU2000-3000	\$1675
CU81600-3	CU4500	\$1875

AromaFlo® Delivery System

- Electronic oil delivery system evenly infuses scent into steam
- Complete with electronic metering control pump, hoses and oil atomizer
- AromaSteam System Oils available in one gallon bottles (*see below*)
- 120V/60hz cULus listed

CU-AROMAFLO \$1100

AromaFlo Oils

- 1 gallon container
- Specially formulated and packaged for use with the AromaSteam System

CU-EUCALYPTUS \$150
CU-LAVENDER \$150

IN THE FEEL GOOD BUSINESS SINCE 1917

MrSteam® has been in the “Feel Good” business since 1917. A champion of SteamTherapy® and a company committed to making wellness a way of life. We focus on innovation while continually offering the finest quality products and services, MrSteam embraces the core ideal that “We feel good...when you feel good.”
